THE PROBLEM

When healthcare becomes complicated, every minute matters.

Where is the nearest hospital?

Which doctor should I choose?

Where can I find my medicine?

What does this prescription say?

How do I communicate?

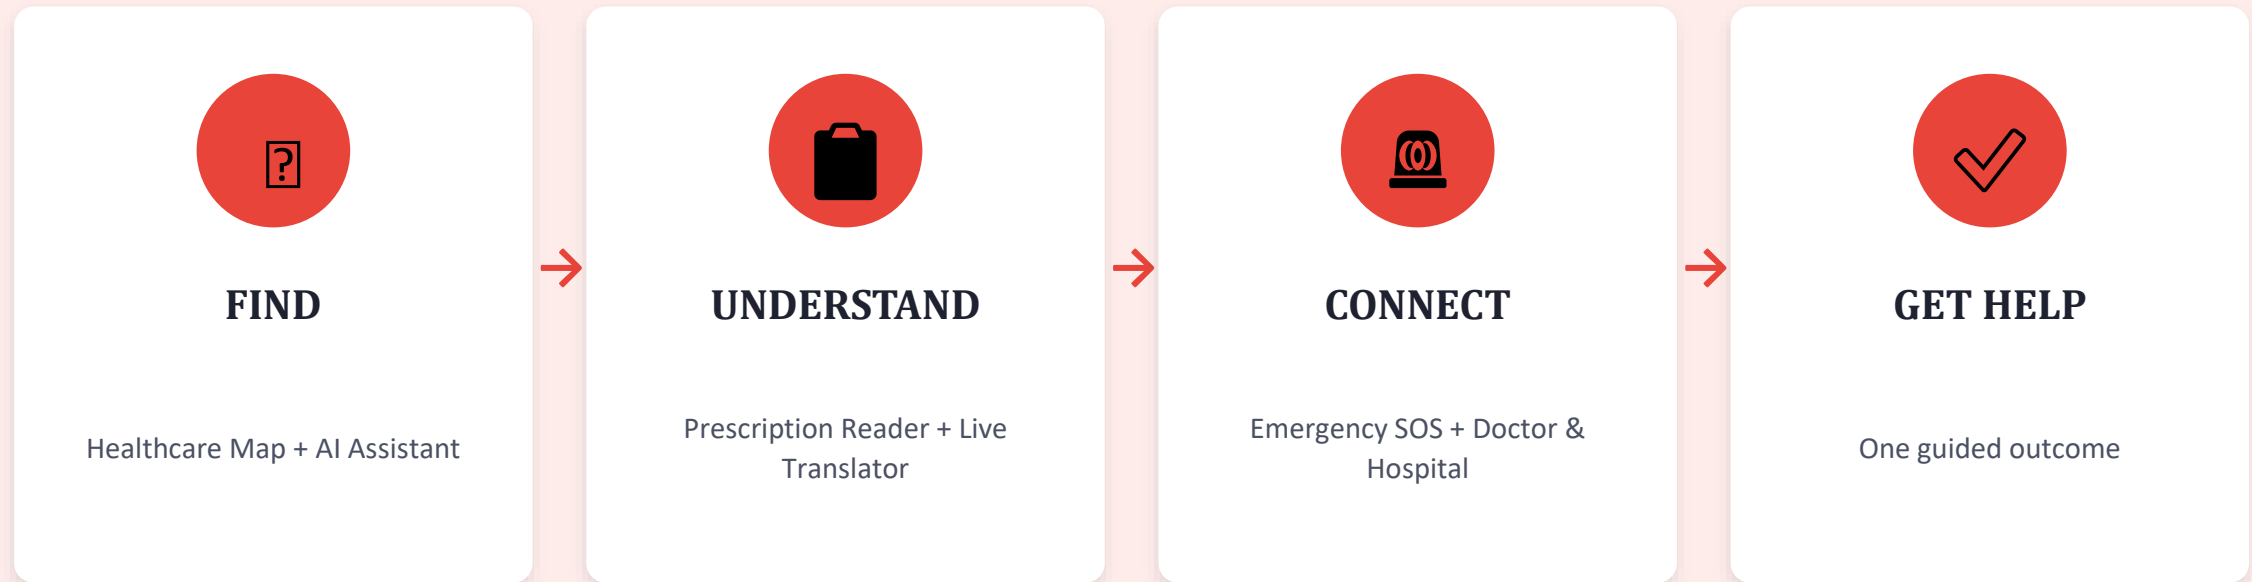

What do I do in an emergency?

TOO MANY STEPS · TOO MUCH CONFUSION · ONE USER

THE BIG IDEA

What if healthcare assistance lived in one place?

MedWay AI — everything a traveler needs to navigate healthcare, in one interface.

WHO IT'S FOR

Built for people who need healthcare away from home.

Travellers

PROBLEM

Unfamiliar city, no local network

NEED

Fast, reliable care nearby

MEDWAY HELPS

Instant map + AI guidance

Office Workers

PROBLEM

No time to search & compare

NEED

Quick, verified options

MEDWAY HELPS

One-tap doctor discovery

Families

PROBLEM

Managing care for others is stressful

NEED

Clarity on prescriptions & options

MEDWAY HELPS

Simple, understandable info

New-City Residents

PROBLEM

Don't know the local healthcare system

NEED

A trustworthy starting point

MEDWAY HELPS

Guided end-to-end journey

One journey. Multiple healthcare needs.

Find healthcare around you — then understand it.

EXPLORE

A live map surfaces hospitals, clinics, doctors and pharmacies — ranked instantly by AI.

EXTRACT

VERIFY

EXTRACTED INFORMATION

Patient	Sachin Bansare
Doctor	Dr. Ananya Sharma
Medicines	Augmentin 625mg · EnzoFlam · Pan-D 40mg · Hexigel Gum Paint

⚠ Prescription extraction may contain errors and must be verified by a qualified healthcare professional.

AI that understands, translates, and connects — instantly.

AI ASSISTANT

Don't know what to ask? Start with a suggestion.

Based on your prescription:

- Augmentin 625mg — antibiotic, after food, twice daily
- Pan-D 40mg — for acidity, before breakfast
- Enzoflam — for pain/inflammation, after food

This is general information, not a medical diagnosis.

LIVE TRANSLATOR

Healthcare should not stop at a language barrier.

🗺 Traveler → 🗣 Voice/Text → 🌐 Translation → 🏥 Doctor

ENGLISH
"I need a doctor for a stomach problem."

HINDI / MARATHI
"मुझे पेट की समस्या के लिए डॉक्टर चाहिए।"

EMERGENCY SOS

When every second matters. (Simulated / prototype)

📍 Location

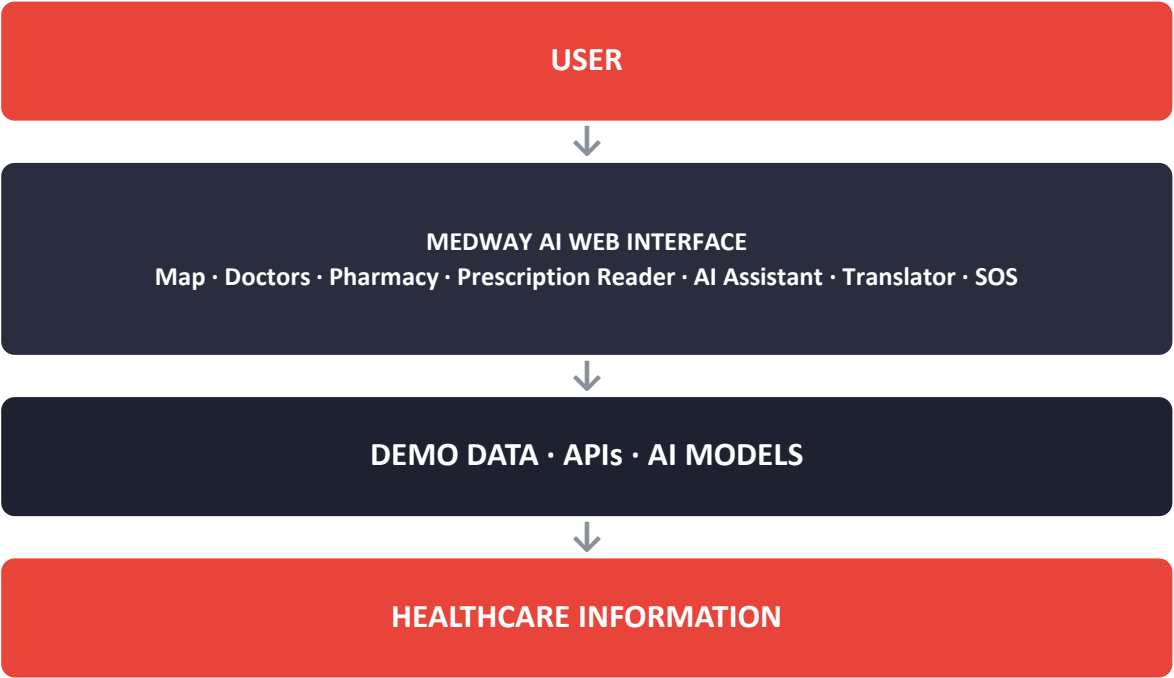

🚑 Ambulance (demo)

🚓 Police (demo)

🏥 Nearby Hospitals

A simulated concept — no real dispatch.

How MedWay AI works.

BUILT WITH A LIGHTWEIGHT WEB STACK

 HTML5	 CSS3	 JavaScript
 Bootstrap	 SCSS	 JSON
 Leaflet / OSM	 AI APIs	 Browser APIs

From prototype to platform — built responsibly.

NOW

Prototype

Secure authentication · Healthcare partnerships

NEXT

Verified Providers

Verified doctors · Secure medical records · Production backend

THEN

Real-Time Availability

Better prescription recognition · More languages · Voice translation

FUTURE

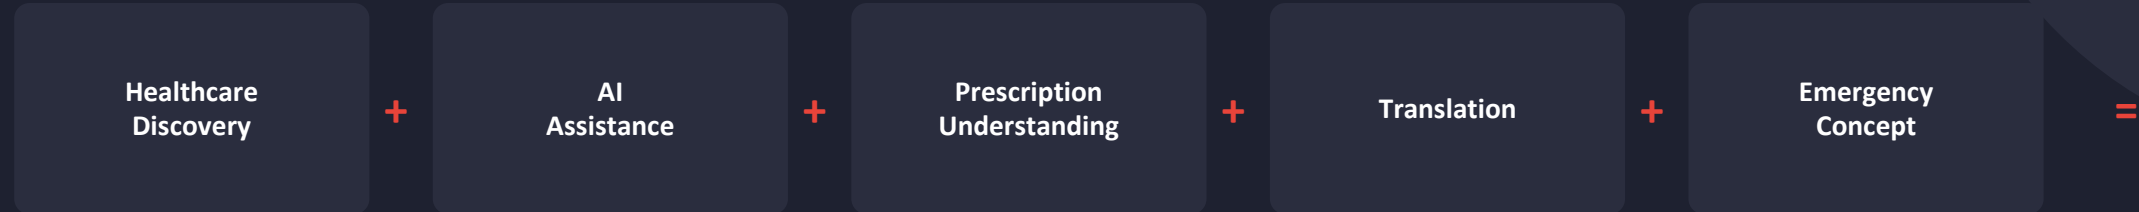

Secure Ecosystem

Real appointment booking · Live pharmacy inventory · Real-time prices

RESPONSIBLE AI — BUILT AS A PROTOTYPE

- ⚠ Demo healthcare data
- ⚠ AI responses can be inaccurate
- ⚠ Prescription extraction can contain errors
- ⚠ Medicine prices may be simulated
- ⚠ Appointment availability may be simulated
- ⚠ Emergency tracking is simulated — no real dispatch
- ⚠ Not a medical diagnosis system

Healthcare, wherever you travel.

UNIFIED TRAVELER HEALTHCARE EXPERIENCE

FIND. UNDERSTAND. CONNECT.

Thank you. Let's experience MedWay AI.

Live Demo: <https://med-way-ai.vercel.app/>

GitHub: <https://github.com/Yashhh710/MedWay-AI>

MedWay AI is a prototype for demonstration and hackathon purposes only. It does not provide professional medical diagnosis, treatment, guaranteed appointments, or real emergency response. Data and AI outputs may be simulated or inaccurate — verify with a qualified healthcare professional.
